SUBJECT: Water Damage During the Weekend of 6-7 May

Rae & Roy,

STAT

[redacted] called this morning with a report of damage as a result of 4-1/2 inches of rain which fell late Friday night/early Saturday morning. Leaks occurred just about everywhere--7th Floor, 6th Floor, NHB Atrium, NHB 4th Floor entrance; a drain broke loose in the bowels of the building. Basically, the whole system was overwhelmed. Water was in the Power Plant and P&PG. They are in the process of pumping everything out. Allied was in all weekend and things are returning to normal. Water was in the DCI garage but has been cleaned up. [redacted] also had damage. It would appear that the Motor Pool was the only place spared. [redacted] does not feel that the system is poor. It was simply overwhelmed by the amount of water which fell in such a short period of time.

He also reported that there is a phantom who for the second time in two weeks has turned on the water in a 3rd Floor ladies room resulting in an overflow. They have turned this matter over to the Office of Security.
